WELCOME TO OUR CASTLE HOTEL

to one of Europe's most delightful
castle hotels*

“ I WOULD ALSO LIKE A COUPLE OF BOTTLES OF THE *Würzburg*
WINE THAT I DRANK WITH PRIVY COUNCILOR LODER AND SOME BOTTLES OF THAT
EXCELLENT *Steinwein...*”

GOETHE 1801

Set high above the beautiful baroque city
of **Würzburg** on the river Main, you will be
captivated by the historical ambience of the
Steinburg. Enjoy the stunning panorama,
take in the magnificent views of the city, the

river and the vineyards. And savor not only the
view but also the world famous “**Würzburger
Stein**”, grown on the surrounding slopes and
singled out by Goethe as one of his favorite
wines.

Built on the ruins of a medieval castle, the **Steinburg** is more than a century old. Standing majestically, high above the Baroque city of Würzburg, this **Tudor-style castle**

offers guests breathtaking views and a unique and relaxing retreat where they can escape the humdrum of everyday life and be transported back to a bygone time.

As a family-run hotel, we pride ourselves on offering excellent customer service. We have a committed team of highly trained staff whose sole aim is to ensure your comfort and enjoyment. However **long or short your visit**, whether **business or pleasure**, we are here to make

Great dishes thoughtfully prepared and served in a warm and inviting ambience are quite literally food for the soul. Enjoy!

Unforgettable delights - the sensual pleasures of food

It is often the simple things that add to our pleasure in life: a magnificent sunset, the sweet fragrance of a rose or a delectable finale to a perfect meal:

aromatic coffee, melt-in-your-mouth desserts, smooth grappa, a full-bodied cheese ... a last glass of wine - a praline perchance? – all served with a smile – is there any better way to spend an evening?

Würzburg truly has **something for everyone**.

Here at the Steinburg, we like to spoil our guests, so we are happy to arrange sightseeing tours, book tickets and arrange transport - or if you would like a picnic or packed lunch for your day trip, bike tour or match play at one of the region’s many fine golf courses - we’re on it!

And for the wine buffs among you, we can organize **wine tastings**, tours of the vineyards and the wineries and cellars and provide tips on the best wine-growers in the region.

How our castle got its name

In English “Stein Castle”, the origin of “Steinburg” is two-fold: firstly, the castle was built in the midst of Würzburg’s world-famous “Würzburger Stein” vineyards and secondly it was erected upon the ruins of a 13th century medieval castle. Sadly, the castle did not quite live up to expectations as an “invincible fortress” and it was completely destroyed some ten years later during a civil uprising. Peter Schneider, the architect of the modern Steinburg was a man of vision. He wanted the

“Restaurant zur Steinburg” to be a fairytale castle that would attract friends and guests from near and far. A sanctuary where all visitors would learn the true meaning of the word “hospitality”. And while we have changed the name of our castle hotel to “**Steinburg**” and that of the restaurant to “**Steinburgs Restaurant**”, our mission statement is still the same: to provide a sanctuary of comfort and a home from home for all our guests.
