

The **Country Manor** (Land-schloss) in the west wing offers a world full of casual elegance and joie de vivre!

Each room offers a captivating blend of casual elegance and Mediterranean warmth, of traditional and contemporary, of artistic flair and practical comfort.

The **Castle Manor** (Traumschloss) is the oldest historical part of our hotel. **Rooms in the Castle Manor** are individually designed and decorated in traditional Steinburg style. A cozy home from home.

Here you will find **Steinburgs Restaurant**, our “**SteinReich**” wine cellar - which lies deep underneath the “Würzburger Stein” vineyards - the **Castle Vault** (Schlossgewölbe), the **Castle Bar** (Schlossbar) and the **Swimming Pool & Sauna** - as well as your first point of contact at the Steinburg: **THE RECEPTION**

The **Refugium**, our newly built east wing, offers some 3000 m² of state-of-the-art facilities for **conferences, seminars, training courses, meetings, weddings, and all kinds of events and parties.**

With **21 generously sized rooms** and **two junior suites**, the clean cut design, soothing earth tones and modern natural furnishings of the Refugium offer a stark contrast to the Castle Manor, the historical main building, and the Country Manor, our west wing.
